January 2012

Dear Californian:

Welcome to the official source of laws relating to notaries public in California. A notary public is a public official who performs invaluable services for the legal, business, financial, and real estate communities.

This *Notary Public Handbook* is designed to supplement your course of study, which will prepare you for the notary public examination. All statutory references are to California Codes, unless otherwise indicated. Once you are commissioned, the Secretary of State strongly recommends that you keep your *Notary Public Handbook* as a ready reference to help you perform your duties.

Newly adopted legislation effective January 1, 2012, amends Civil Code section 1195, Commercial Code section 3505, and Government Code sections 8205, 8208, and 8211. Civil Code section 1195 has been amended to add powers of attorney to the types of instruments for which a proof of execution by a subscribing witness is prohibited, prohibits a proof of execution by a subscribing witness for any instrument requiring a notary public to capture a thumbprint from the party signing the document in the notary public's journal, and revises the form of certificate that may be used for proof of execution by a subscribing witness. Commercial Code section 3505 and Government Code sections 8205, 8208, and 8211 limit the duty of a notary public to demand acceptance and payment of foreign and inland bills of exchange, or promissory notes, to protest for nonacceptance or nonpayment, of these items to a notary public employed by a financial institution during the course and scope of the notary public's employment with the financial institution, and delete the prescribed maximum fees a notary public may charge for these services.

A notary public who holds a current California notary public commission, and who has completed an approved six-hour course at least one time, is required to satisfactorily complete an approved three-hour refresher course prior to reappointment as a notary public. Please note that pursuant to Government Code section 8201(b)(2), the three-hour refresher course can only be used to satisfy the education requirement if the notary public is applying for a new commission before the current commission has expired. If the notary public's commission has expired, the notary public must satisfactorily complete a six-hour notary public education course before being appointed for another term.

A copy of the *Notary Public Handbook*, information regarding the qualifications and procedures you must follow to become a notary public, and certificate of acknowledgment and jurat forms are all available on the Secretary of State's website at www.sos.ca.gov/business/notary/.

On behalf of the people of California, thank you for your interest in serving our state as a notary public.

Sincerely,
Notary Public & Special Filings Section

Appointment and Qualifications

In order to qualify to become a notary public you must meet all of the following requirements: (Government Code section 8201)

- Be a legal resident of the State of California;
- Be at least 18 years of age;
- Satisfactorily complete a course of study approved by the Secretary of State;
- Pass a written examination prescribed by the Secretary of State; and
- Pass a background check.

To determine if a person meets the requirements to fulfill the responsibilities of the position, a completed application and a 2" x 2" color passport photograph of the applicant shall be submitted at the examination site, then forwarded to the Secretary of State's office and reviewed by Secretary of State staff for qualifying information. (Government Code section 8201.5)

To assist the Secretary of State in determining the identity of an applicant and whether the applicant has been convicted of a disqualifying crime, state law requires all applicants to be fingerprinted as part of a thorough background check prior to being granted an appointment as a notary public. (Government Code section 8201.1) Information concerning the fingerprinting requirements will be mailed to candidates who pass the examination.

Convictions

Applicants are required to disclose on their applications all arrests for which trials are pending and all convictions, including convictions that have been dismissed under Penal Code section 1203.4 or 1203.4a. If you have any questions concerning the disclosure of convictions or arrests, contact the Secretary of State's office prior to signing the application. If you do not recall the specifics about your arrest(s) and/or conviction(s), you can contact the California Department of Justice at (916) 227-3849.

The Secretary of State may deny an application for the following reasons:

- Failure to disclose any conviction;
- Conviction of a felony; or
- Conviction of a disqualifying lesser offense when less than 10 years have passed since the completion of probation.

The applicant has the right to appeal the denial through the administrative hearing process. (Government Code section 8214.3) For a complete list of reasons the Secretary of State may deny an application, please refer to Government Code section 8214.1. Refer to the Secretary of State's *Notary Public Disciplinary Guidelines 2001* for a list of the most common disqualifying convictions. The disciplinary guidelines are available on the Secretary of State's website or can be mailed to you upon request.

Notary Public Education

All persons are required to take and satisfactorily complete a six-hour course of study approved by the Secretary of State prior to appointment as a notary public. Please note that all persons being appointed, no matter how many commission terms held in the past, are required to take the initial six-hour course of study. (Government Code section 8201(a)(3) and (b))

A notary public who holds a current California notary public commission and who has completed an approved six-hour course at least one time is required to take and satisfactorily complete an approved three-hour refresher course prior to reappointment as a notary public. The three-hour refresher course can only be used to satisfy the education requirement if the notary public is applying for a new commission before their current commission has expired. If the notary public's commission has expired, the individual must satisfactorily complete a six-hour notary public education course before being appointed for another term, even if the

individual already once satisfactorily completed an approved six-hour course for a previous commission.

The Secretary of State reviews and approves courses of study. These approved courses include all the material that a person is expected to know to pass the written examination. The Secretary of State compiles a list of all vendors offering an approved course of study. This list is available on the Secretary of State's website or can be mailed to you upon request. (Government Code section 8201.2)

Requirements and Time Limit for Qualifying

Once the commission has been issued, a person has 30 calendar days from the beginning of the term prescribed in the commission to take, subscribe, and file an oath of office and file a \$15,000 surety bond with the county clerk's office. The commission does not take effect until the oath and bond are filed with the county clerk's office. The filing must take place in the county where the notary public maintains a principal place of business as shown in the application on file with the Secretary of State. If the oath and bond are not filed within the 30-calendar-day time period, the commission will not be valid, and the person commissioned may not act as a notary public until a new appointment is obtained and the person has properly qualified within the 30-calendar-day time limit. Government Code section 8213(a) permits the filing of completed oaths and bonds by the applicable county clerk by certified mail. Exceptions are not made to the 30-day filing requirement due to mail service delays, county clerk mail processing delays, or for any other reason. If mailing an oath and bond to the county clerk, sufficient time must be allowed by the newly appointed notary public to ensure timely filing. (Government Code sections 8212 and 8213)

Notary Public Bond

In order to provide some protection to the public, California law requires every notary public to file an official bond in the amount of \$15,000. The notary public bond is not an insurance policy for the notary public. The bond is designed only to provide a limited source of funds for paying claims against the notary public. The notary public remains personally liable to the full extent of any damages sustained and may be required to reimburse the bonding company for sums paid by the company because of misconduct or negligence of the notary public. (Government Code sections 8212 to 8214)

Geographic Jurisdiction

A notary public can provide notarial services throughout the State of California. A notary public is not limited to providing services only in the county where the oath and bond are on file. In virtually all of the certificates the notary public is called on to complete, there will be a venue heading such as "State of California, County of _____." The county named in the heading in the notarial certificate is the county where the signer personally appeared before the notary public. (Government Code section 8200)

Acts Constituting the Practice of Law

California notaries public are prohibited from performing any duties that may be construed as the practice of law. Among the acts which constitute the practice of law are the preparation, drafting, or selection or determination of the kind of any legal document, or giving advice in relation to any legal documents or matters. If asked to perform such tasks, a California notary public should decline and refer the requester to an attorney.

Notary Public Seal

Each notary public is required to have and to use a seal. The seal must be kept in a locked and secured area, under the direct and exclusive control of the notary public, and must not be surrendered to an employer upon termination of employment, whether or not the employer paid for the seal, or to any other person.

Because of the legal requirement that the seal be photographically reproducible, the rubber stamp seal is almost universal. However, notaries public may use an embosser seal in addition to the rubber stamp. The legal requirements for a seal are shown below. (Government Code section 8207)

The seal must:

- Be photographically reproducible when affixed to a document;
- Contain the State Seal and the words "Notary Public";
- Contain the name of the notary public as shown on the commission;
- Contain the name of the county where the oath of office and notary public bond are on file;
- Contain the expiration date of the notary public's commission;
- Contain the sequential identification number (commission number) assigned to the notary public, as well as the identification number assigned to the seal manufacturer or vendor; and
- Be circular not over two inches in diameter, or be a rectangular form of not more than one inch in width by two and one-half inches in length, with a serrated or milled edged border.

Many documents that are acknowledged may later be recorded. A document may not be accepted by the recorder if the notary public seal is illegible. Notaries public are cautioned to make sure that the notary public stamp leaves a clear impression. All the elements must be discernible. The seal should not be placed over signatures or over any printed matter on the document. An illegible or improperly placed seal may result in rejection of the document for recordation and result in inconveniences and extra expenses for all those involved.

The law allows a limited exception when a notary public may authenticate an official act without using an official notary public seal. Because subdivision maps usually are drawn on a material that will not accept standard stamp pad ink and other acceptable inks are not as readily available, acknowledgments for California subdivision map certificates may be notarized without the official seal. The notary public's name, the county of the notary public's principal place of business, and the commission expiration date must be typed or printed below or immediately adjacent to the notary public's signature on the acknowledgment. (Government Code section 66436(c))

A NOTARY PUBLIC SHALL NOT USE THE OFFICIAL SEAL OR THE TITLE NOTARY PUBLIC FOR ANY PURPOSE OTHER THAN THE RENDERING OF NOTARIAL SERVICE. (Government Code section 8207)

A notary public is guilty of a misdemeanor if the notary public willfully fails to keep his or her notary public seal under the notary public's direct and exclusive control or if the notary public willfully surrenders the notary public's seal to any person not authorized to possess it. (Government Code section 8228.1)

When the notary public commission is no longer valid, the notary public seal must be destroyed to protect the notary public from possible fraudulent use by another. (Government Code section 8207)

Identification

When completing a certificate of acknowledgment or a jurat, a notary public is required to certify to the identity of the signer of the document. (Civil Code sections 1185(a), 1189, Government Code section 8202) Identity is established if the notary public is presented with satisfactory evidence of the signer's identity. (Civil Code section 1185(a))

Satisfactory Evidence – “Satisfactory Evidence” means the absence of any information, evidence, or other circumstances which would lead a reasonable person to believe that the individual is not the individual he or she claims to be and (A) paper identification documents or (B) the oath of a single credible witness or (C) the oaths of two credible witnesses under penalty of perjury, as specified below:

A. Paper Identification Documents – Identity of the signer can be established by the notary public's reasonable reliance on the presentation of any one of the following documents, if the identification document is current or has been issued within five years (Civil Code section 1185(b)(3) & (4)):

1. An identification card or driver's license issued by the California Department of Motor Vehicles;

2. A United States passport;

3. Other California-approved identification card, consisting of any one of the following, provided that it also contains a photograph, description of the person, signature of the person, and an identifying number:

(a) A passport issued by a foreign government, provided that it has been stamped by the U.S. Immigration and Naturalization Service or the U.S. Citizenship and Immigration Services;

(b) A driver's license issued by another state or by a Canadian or Mexican public agency authorized to issue driver's licenses;

(c) An identification card issued by another state;

(d) A United States military identification card with the required photograph, description of the person, signature of the person, and an identifying number. (Some military identification cards do not contain all the required information.);

(e) An inmate identification card issued by the California Department of Corrections and Rehabilitation, if the inmate is in custody; or

(f) An employee identification card issued by an agency or office of the State of California, or an agency or office of a city, county, or city and county in California.

Note: The notary public must include in his or her journal the type of identifying document, the governmental agency issuing the document, the serial or identifying number of the document, and the date of issue or expiration of the document that was used to establish the identity of the signer. (Government Code section 8206(a)(2)(D))

B. Oath of a Single Credible Witness – The identity of the signer can be established by the oath of a single credible witness whom the notary public personally knows. (Civil Code section 1185(b)(1)) The notary public must establish the identity of the credible witness by the presentation of paper identification documents as set forth above. Under oath, the credible witness must swear or affirm that each of the following is true (Civil Code section 1185(b)(1)(A)(i)-(v)):

1. The individual appearing before the notary public as the signer of the document is the person named in the document;

2. The credible witness personally knows the signer;

3. The credible witness reasonably believes that the circumstances of the signer are such that it would be very difficult or impossible for the signer to obtain another form of identification;

4. The signer does not possess any of the identification documents authorized by law to establish the signer's identity; and

5. The credible witness does not have a financial interest and is not named in the document signed.

Note: The single credible witness must sign the notary public's journal or the notary public must indicate in his or her journal the type of identifying document, the identifying number of the document, and the date of issuance or expiration of the document presented by the witness to establish the identity of the witness. (Government Code section 8206(a)(2)(D))

C. Oaths of Two Credible Witnesses – The identity of the signer can be established by the oaths of two credible witnesses whom the notary public does not personally know. (Civil Code section 1185(b)(2)) The notary public first must establish the identities of the two credible witnesses by the presentation of paper identification documents as listed above. Under oath, the credible witnesses must swear or affirm under penalty of perjury to each of the things sworn to or affirmed by a single credible witness, as set forth above. (Civil Code sections 1185(b)(2) and 1185(b)(1)(A)(i)-(v))

Note: The credible witnesses must sign the notary public's journal and the notary public must indicate in his or her journal the type of identifying documents, the identifying numbers of the documents, and the dates of issuance or expiration of the documents presented by the witnesses to establish their identities. (Government Code section 8206(a)(2)(E))

Notary Public Journal

A notary public is required to keep one active sequential journal at a time of all acts performed as a notary public. The journal must be kept in a locked and secured area (such as a lock box or locked desk drawer), under the direct and exclusive control of the notary public. The journal shall include the items shown below. (Government Code section 8206(a))

- Date, time and type of each official act (e.g., acknowledgment, jurat).
- Character of every instrument sworn to, affirmed, acknowledged or proved before the notary public (e.g., deed of trust).
- The signature of each person whose signature is being notarized.
- A statement that the identity of a person making an acknowledgment or taking an oath or affirmation was based on "satisfactory evidence" pursuant to Civil Code section 1185. If satisfactory evidence was based on:

1. Paper identification, the journal shall contain the type of identifying document, the governmental agency issuing the document, the serial or identifying number of the document, and the date of issue or expiration of the document;

2. A single credible witness personally known to the notary public, the journal shall contain the signature of the credible witness or the type of identifying document, the governmental agency issuing the document, the serial or identifying number of the document, and the date of issue or expiration of the document establishing the identity of the credible witness; or

3. Two credible witnesses whose identities are proven upon the presentation of satisfactory evidence, the journal shall contain the signatures of the credible witnesses and the type of identifying document, the governmental agency issuing the document, the serial or identifying number of the document, and the date of issue or expiration of the document establishing the identity of the credible witnesses.

- The fee charged for the notarial service.
- If the document to be notarized is a deed, quitclaim deed, or deed of trust affecting real property or a power of attorney document, the notary public shall require the party signing the document to place his or her right thumbprint in the journal. If the right thumbprint is not available, then the notary public shall have the party use his or her left thumb, or any available finger and shall so indicate in the journal. If the party signing the document is physically unable to provide a thumb or fingerprint, the notary public shall so indicate in the journal and shall also provide an explanation of that physical condition.

If the sequential journal is stolen, lost, misplaced, destroyed, damaged, or otherwise rendered unusable, the notary public immediately must notify the Secretary of State by certified or registered mail. The notification must include the periods of journal entries, the notary public commission number, the commission expiration date, and, when applicable, a photocopy of the police report that lists the journal. (Government Code section 8206(b))

A notary public must respond within 15 business days after the receipt of a written request from any member of the public for a copy of a transaction in the notary public journal by supplying either a photostatic copy of a line item from the notary public's journal or an acknowledgment that no such line item exists. The written request shall include the name of the parties, the type of document, and the month and year in which the document was notarized. The cost to provide the requested information must not exceed thirty cents (\$0.30) per page. (Government Code sections 8206(c) and 8206.5)

The sequential journal is the exclusive property of the notary public and shall not be surrendered to an employer upon termination of employment, whether or not the employer paid for the journal, or at any other time. The circumstances in which the notary public must relinquish the journal or permit inspection and copying of journal transactions and the procedures the notary public must follow are specified in Government Code section 8206(d).

A notary public is guilty of a misdemeanor if the notary public willfully fails to properly maintain the notary public's journal. (Government Code section 8228.1)

Within 30 days from the date the notary public commission is no longer valid, the notary public must deliver all notarial journals, records and papers to the county clerk's office where the oath is on file. If the notary public willfully fails or refuses to do so, the notary public is guilty of a misdemeanor, and shall be personally liable for damages to any person injured by that action or inaction. (Government Code section 8209) Any notarial journals, records and papers delivered to the Secretary of State will be returned to the sender.

Conflict of Interest

A notary public is not prohibited from notarizing for relatives or others, unless doing so would provide a direct financial or beneficial interest to the notary public. With California's community property law, care should be exercised if notarizing for a spouse or a domestic partner.

A notary public would have a direct financial or beneficial interest to a transaction in the following situations (Government Code section 8224):

- If a notary public is named, individually, as a principal to a financial transaction.
- If a notary public is named, individually, as any of the following to a real property transaction: beneficiary, grantor, grantee, mortgagor, mortgagee, trustor, trustee, vendor, vendee, lessor, or lessee.

A notary public would not have a direct financial or beneficial interest in a transaction if a notary public is acting in the capacity of an agent, employee, insurer, attorney, escrow holder, or lender for a person having a direct financial or beneficial interest in the transaction.

If in doubt as to whether or not to notarize, the notary public should seek the advice of an attorney.

Acknowledgment

The form most frequently completed by the notary public is the certificate of acknowledgment. The certificate of acknowledgment must be in the form set forth in Civil Code section 1189. In the certificate of acknowledgment, the notary public certifies:

- That the signer personally appeared before the notary public on the date indicated in the county indicated;
- To the identity of the signer; and
- That the signer acknowledged executing the document.

The notary public sequential journal *must* contain a statement that the identity of a person making the acknowledgment or taking the oath or affirmation was based on satisfactory evidence. If identity was established based on the oath of a credible witness personally known to the notary public, then the journal must contain the signature of the credible witness or the type of identifying document used to establish the witness' identity, the governmental agency issuing the document, the serial or identifying number of the document, and the date of issue or expiration of the document. If the identity of the person making the acknowledgment or taking the oath or affirmation was established by the oaths or affirmations of two credible witnesses whose identities are proven to the notary public upon the presentation of satisfactory evidence, then the journal must contain the signatures of the credible witnesses and the type of identifying documents, the identifying numbers of the documents and the dates of issuance or expiration of the documents presented by the witnesses to establish their identities.

The certificate of acknowledgment must be filled completely out at the time the notary public's signature and seal are affixed. The certificate of acknowledgment is executed under penalty of perjury. (Civil Code section 1189(a)(1))

The completion of a certificate of acknowledgment that contains statements that the notary public knows to be false not only may cause the notary public to be liable for civil penalties and administrative action, but is also a criminal offense. The notary public who willfully states as true any material fact known to be false is subject to a civil penalty not exceeding \$10,000. (Civil Code section 1189(a)(2))

A notary public may complete a certificate of acknowledgment required in another state or jurisdiction of the United States on documents to be filed in that other state or jurisdiction, provided the form does not require the notary public to determine or certify that the signer holds a particular representative capacity or to make other determinations and certifications not allowed by California law.

Any certificate of acknowledgment taken within this state shall be in the following form:

State of California County of _____	}	
On _____ before me, (here insert name and title of the officer), personally appeared _____ _____ _____		
_____, who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/are subscribed to the within instrument and acknowledged to me that he/she/they executed the same in his/her/their authorized capacity(ies), and that by his/her/their signature(s) on the instrument the person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.		
I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.		
WITNESS my hand and official seal.		
<u>Notary Public Signature</u>		Notary Public Seal

Note: Key wording of an acknowledgment is “personally appeared.” An acknowledgment cannot be affixed to a document mailed or otherwise delivered to a notary public whereby the signer did **not** personally appear before the notary public, even if the signer is known by the notary public. Also, a notary public seal and signature cannot be affixed to a document without the correct notarial wording.

Jurat

The second form most frequently completed by a notary public is the jurat. (Government Code section 8202) The jurat is identified by the wording “Subscribed and sworn to (or affirmed)” contained in the form. In the jurat, the notary public certifies:

- That the signer personally appeared before the notary public on the date indicated and in the county indicated;
- That the signer signed the document in the presence of the notary public;
- That the notary public administered the oath or affirmation*; and
- To the identity of the signer.

Any jurat taken within this state shall be in the following form:

State of California County of _____	
Subscribed and sworn to (or affirmed) before me on this ____ day of _____, 20____, by _____, proved to me on the basis of satisfactory evidence to be the person(s) who appeared before me.	
<u>Notary Public Signature</u>	Notary Public Seal

Note: Key wording of a jurat is “Subscribed and sworn to (or affirmed) before me.” A jurat cannot be affixed to a document mailed or otherwise delivered to a notary public whereby the signer did **not** personally appear, take an oath, and sign in the presence of the notary public, even if the signer is known by the notary public. Also, a notary public seal and signature cannot be affixed to a document without the correct notarial wording.

**There is no prescribed wording for the oath, but an acceptable oath would be “Do you swear or affirm that the statements in this document are true?” When administering the oath, the signer and notary public traditionally each raise their right hand but this is not a legal requirement.*

Proof of Execution by a Subscribing Witness

If a person, called the principal, has signed a document but does not personally appear before a notary public, another person can appear on the principal’s behalf to prove the principal signed (or “executed”) the document. That person is called a subscribing witness. (Code of Civil Procedure section 1935)

A proof of execution by a subscribing witness cannot be used in conjunction with any power of attorney, quitclaim deed, grant deed (other than a trustee’s deed or deed of reconveyance), mortgage, deed of trust, security agreement, or any instrument requiring a notary public to obtain a thumbprint from the party signing the document in the notary public’s journal. (Government Code section 27287 and Civil Code section 1195(b)(1) and (2))

The requirements for proof of execution by a subscribing witness are as follows:

- The subscribing witness must prove (say under oath) that the person who signed the document as a party, the principal, is the person described in the document, and the subscribing witness personally knows the principal (Civil Code section 1197); and
- The subscribing witness must say, under oath, that the subscribing witness saw the principal sign the document or in the presence of the principal heard the principal acknowledge that the principal signed the document (Code of Civil Procedure section 1935 and Civil Code section 1197); and

- The subscribing witness must say, under oath, that the subscribing witness was requested by the principal to sign the document as a witness and that the subscribing witness did so (Code of Civil Procedure section 1935 and Civil Code section 1197); and
- The notary public must establish the identity of the subscribing witness by the oath of a credible witness whom the notary public personally knows and who personally knows the subscribing witness. The credible witness must also present to the notary public any identification document satisfying the requirements for satisfactory evidence as described in Civil Code section 1185(b)(3) or (4) (Civil Code section 1196); and
- The subscribing witness must sign the notary public's official journal. The credible witness must sign the notary public's official journal or the notary public must record in the notary public's official journal the type of identification document presented, the governmental agency issuing the document, the serial number of the document, and the date of issue or expiration of the document. (Government Code section 8206(a)(2)(C) and (D))

Note: The identity of the subscribing witness must be established by the oath of a credible witness who personally knows the subscribing witness and who is known personally by the notary public. In addition, the credible witness must present an identification document satisfying the requirements of Civil Code section 1185(b)(3) or (4).

Because proof of execution by a subscribing witness is not commonly used, the following scenario is provided as an example of how proof by a subscribing witness may be used:

The principal, Paul, wants to have his signature on a document notarized. Paul is in the hospital and cannot appear before a notary public. So Paul asks a long time friend, Sue, to visit the hospital and act as a subscribing witness. When Sue comes to the hospital, Sue must watch Paul sign the document. If Paul has signed the document prior to Sue's arrival, Paul must say (acknowledge) to Sue that Paul signed the document. Then Paul should ask Sue to sign the document as a subscribing witness, and Sue must do so.

Next, Sue must take the document to a notary public. Sue chooses Nancy Notary as the notary public. Sue must bring a credible witness with her to see Nancy Notary, the notary public. Sue chooses Carl, a long time friend, as a credible witness because Carl has worked with Nancy Notary for several years. Therefore, Carl can act as Sue's credible witness.

Sue and Carl appear together before Nancy. Nancy determines Nancy personally knows Carl and also examines Carl's California driver's license to establish Carl's identity. Then Nancy puts Carl under oath. Under oath or affirmation, Carl swears or affirms that Carl personally knows Sue, that Sue is the person who signed the document as a subscribing witness, and Carl does not have a financial interest in the document signed by Paul and subscribed by Sue, and is not named in the document signed by Paul and subscribed by Sue. Then Nancy puts Sue under oath. Under oath or affirmation, Sue swears or affirms Sue personally knows Paul, that Paul is the person described as a party in the document, that Sue watched Paul sign the document or heard Paul acknowledge that Paul signed the document, that Paul requested Sue sign the document as subscribing witness and that Sue did so.

Sue signs Nancy's notary public journal as a subscribing witness. Carl must sign Nancy's notary public journal as a credible witness, or Nancy must record in the notary public journal that Carl presented a California Department of Motor Vehicles driver's license, the license number, and the date the license expires.

Nancy completes Nancy's notary public journal entry. Nancy then completes a proof of execution certificate and attaches the proof of execution certificate to the document. Sue takes the notarized document back to Paul.

Civil Code section 1195 provides a proof of execution by a subscribing witness form. The following is a suggested format for the form. The law allows that other formats with similar wording are acceptable.

State of California County of _____	} ss.
On _____ (date), before me, the undersigned, a notary public for the state, personally appeared _____ (name of subscribing witness), proved to me to be the person whose name is subscribed to the within instrument, as a witness thereto, on the oath of _____ (name of credible witness), a credible witness who is known to me and provided a satisfactory identifying document. _____ (name of subscribing witness) being by me duly sworn, said that he/she was present and saw/heard _____ (name(s) of principal(s)), the same person(s) described in and whose name(s) is/are subscribed to the within or attached instrument in his/her/their authorized capacity(ies) as (a) party(ies) thereto, execute or acknowledge executing the same, and that said affiant subscribed his/her name to the within or attached instrument as a witness at the request of _____ (name(s) of principal(s)). WITNESS my hand and official seal.	
<u>Notary Public Signature</u>	Notary Public Seal

Note: It is not acceptable to affix a notary public seal and signature to a document without the notarial wording.

Signature by Mark

When the signer of an instrument cannot write (sign) his or her name, that person may sign the document by mark. (Civil Code section 14) The requirements for notarizing a signature by mark are as follows:

- The person signing the document by mark must be identified by the notary public by satisfactory evidence. (Civil Code section 1185)
- The signer’s mark must be witnessed by two persons who must subscribe their own names as witnesses on the document. One witness should write the person’s name next to the person’s mark and then the witness should sign his or her name as a witness. The witnesses are only verifying that they witnessed the individual make his or her mark on the document. A notary public is not required to identify the two persons who witnessed the signing by mark or to have the two witnesses sign the notary public’s journal. **Exception:** If the witnesses were acting in the capacity of credible witnesses in establishing the *identity* of the person signing by mark, then the witnesses’ signatures must be entered in the notary public’s journal.
- The signer by mark must include his or her mark in the notary public journal. To qualify as a signature, the making of the mark in the notary public journal, must be witnessed by an individual who must write the person’s name next to the mark and then sign his or her own name as a witness.

Following is an example of a document executed by signature by mark:

I, Bob Smith, give my power of attorney to Jane Brown to act as my attorney-in-fact on all matters pertaining to the handling of my estate, finances, and investments. This power of attorney is to remain in effect until another document revoking this instrument has been filed of record thereby rendering this instrument null and void.

Note: A notary public seal and signature cannot be affixed to a document without the correct notarial wording.

Powers of Attorney - Certifying

A notary public can certify copies of powers of attorney. A certified copy of a power of attorney that has been certified by a notary public has the same force and effect as the original power of attorney. (Probate Code section 4307)

A suggested format for the certification is shown below. Other formats with similar wording may also be acceptable.

State of California
 County of _____ }

I (name of notary public), Notary Public, certify that on (date), I examined the original power of attorney and the copy of the power of attorney. I further certify that the copy is a true and correct copy of the original power of attorney.

Note: A notary public seal and signature cannot be affixed to a document without the correct notarial wording.

Notarization of Incomplete Documents

A notary public may not notarize a document that is incomplete. If presented with a document for notarization, which the notary public knows from his or her experience to be incomplete or is without doubt on its face incomplete, the notary public must refuse to notarize the document. (Government Code section 8205)

Certified Copies

A notary public may only certify copies of powers of attorney under Probate Code section 4307 and his or her notary public journal. (Government Code sections 8205(a)(4), 8205(b)(1), and 8206(e))

Certified copies of birth, fetal death, death, and marriage records may be made only by the State Registrar, by duly appointed and acting local registrars during their term of office, and by county recorders. (Health & Safety Code section 103545)

Illegal Advertising

California law requires any non-attorney notary public who advertises notarial services in a language other than English to post a prescribed notice, in English and the other language, that the notary public is not an attorney and cannot give legal advice about immigration or any other legal matters. The notary public also must list the fees set by statute that a notary public may charge for notarial services. In any event, a notary public may not translate into Spanish the term “Notary Public,” defined as “notario publico” or “notario,” even if the prescribed notice also is posted. A first offense for violation of this law is grounds for the suspension or revocation of a notary public’s commission. A second offense is grounds for the permanent revocation of a notary public’s commission. (Government Code section 8219.5)

A notary public legally is barred from advertising in any manner whatsoever that he or she is a notary public if the notary public promotes himself or herself as an immigration specialist or consultant. (Government Code section 8223)

Immigration Documents

Contrary to popular belief, there is no prohibition against notarizing immigration documents. However, several laws specifically outline what a notary public can and cannot do. Only an attorney, a representative accredited by the U.S. Department of Justice, or a person who is registered by the Secretary of State and bonded as an immigration consultant under the Business and Professions Code may assist a client in completing immigration forms. (Business and Professions Code section 22440) A notary public may not charge any individual more than ten dollars (\$10) for each set of forms, unless the notary public is also an attorney who is rendering professional services as an attorney. (Government Code section 8223)

Confidential Marriage Licenses

A notary public who is interested in obtaining authorization to issue confidential marriage licenses may apply for approval to the county clerk in the county in which the notary public resides. A notary public *must not* issue a confidential marriage license unless he or she is approved by the county clerk having jurisdiction. The county clerk offers a course of instruction, which a notary public must complete before authorization will be granted. Additionally, in order for a notary public to *perform* the marriage, he/she must be one of the persons authorized under Family Code sections 400 to 402 (e.g., priest, minister, or rabbi). The county clerk in the county where the notary public resides may or may not approve the authorization to issue confidential marriage licenses. The county clerk should be consulted if the notary public is interested in obtaining approval. (Family Code section 530)

Grounds for Denial, Revocation, or Suspension of Appointment and Commission

The Secretary of State may refuse to appoint any person as notary public or may revoke or suspend the commission of a notary public for specific reasons. These reasons include but are not limited to: a substantial misstatement or omission in the application; conviction of a felony or a disqualifying criminal conviction; failure to furnish the Secretary of State with certified copies of the notary public journal when requested to do so or to provide information relating to official acts performed by the notary public; charging more than the fee prescribed by law; failure to complete the acknowledgment at the time the notary public's seal and signature are attached to the document; executing a false certificate; failure to submit to the Secretary of State any court ordered money judgment, including restitution; failure to secure the sequential journal or the official seal; willful failure to report the theft or loss of the sequential journal; making a false certificate or writing containing statements known to be false; fraud relating to a deed of trust; improper notarial acts; unlawfully acting as a notary; filing false or forged documents; forgery; grand theft; falsely obtaining personal information; willful failure to provide access to a journal when requested by a peace officer; and illegal advertising. (Government Code sections 8205, 8214.1, 8219.5 and 8223)

In addition, the Secretary of State may deny the notary public application or suspend the notary public commission of a person who has not complied with child or family support obligations. (Family Code section 17520)

Disciplinary Guidelines

The Secretary of State has instituted disciplinary guidelines in order to facilitate due process and to maintain consistency in reviewing applications, investigating alleged violations, and implementing administrative actions. (Government Code section 8220)

The disciplinary guidelines are designed to assist administrative law judges, in addition to attorneys, notaries public, applicants, and others involved in the disciplinary process. The disciplinary guidelines are used to determine what action will be taken for violations of notary public law. The disciplinary guidelines are available on the Secretary of State's website or can be mailed to you upon request.

Fees

Government Code section 8211 specifies the maximum fees that may be charged for notary public services. However, a notary public may decide to charge no fee or an amount that is less than the maximum amount prescribed by law. The charging of a fee and the amount of the fee charged is at the discretion of the notary public or the notary public's employer, provided it does not exceed the maximum fees. The notary public is required to make an entry in the notary public journal even if no fee was charged, such as "no fee" or "0." (Government Code section 8206)

Exceptions: 1) Pursuant to Government Code section 8203.6, no fees shall be collected by notaries public appointed to military and naval reservations in accordance with 8203.1; 2) Pursuant to Elections Code section 8080, no fee shall be collected by notaries public for verifying any nomination document or circulator's affidavit; 3) Pursuant to Government Code section 6106, no fee shall be collected by a notary public working for a public entity for services rendered in an affidavit, application, or voucher in relation to the securing of a pension; 4) Pursuant to Government Code section 6107, no fee may be charged to a United States military veteran for notarization of an application or a claim for a pension, allotment, allowance, compensation, insurance, or any other veteran's benefit; and 5) Pursuant to Government Code section 8211(d) no fee can be charged to notarize signatures on vote by mail ballot identification envelopes or other voting materials.

In addition, Government Code section 6100 requires any notary public who is appointed to act for and on behalf of certain public agencies, pursuant to Government Code section 8202.5, to charge for all services and remit the fees received to the employing agency. Each fee charged must be entered in the journal.

Change of Address

A notary public is required to notify the Secretary of State of any change of business or residence address in writing, by certified mail, within 30 days. (Government Code section 8213.5) Willful failure to notify the Secretary of State of a change of address is punishable as an infraction by a fine of not more than \$500. (Government Code section 8213.5)

Upon the change of a business address to a new county, a notary public may elect to file a new oath of office and bond in the new county. However, filing a new oath and bond is optional. Once commissioned, a notary public may perform notary public services anywhere in the state. The original oath and bond must be filed in the county where the notary public's principal place of business is located as shown in the application filed with the Secretary of State. Whether or not a county transfer is filed with the new county after the original oath and bond have been filed in the original county is permissive should the notary public move. (Government Code section 8213) There is no fee for the processing of address change notifications with the Secretary of State.

Note: To ensure proper processing, please include the following information when submitting the written address change notification to the Secretary of State:

- Name of the notary public exactly as it appears on the commission certificate;
- Commission number and expiration date of the commission;
- Whether the address change is for the business, residence, and/or for mailing purposes; and
- New business, including business name, residence, and/or mailing address.

Be sure the address change notification is signed and dated by the notary public. The change of address can be submitted in letter form or, for convenience, an address change form is available on the Secretary of State's website or can be mailed to you upon request.

Foreign Language

A notary public can notarize a signature on a document in a foreign language with which the notary public is not familiar, since a notary public's function only relates to the signature and not the contents of the document. The notary public should be able to identify the type of document being notarized for entry in the notary public's journal. If unable to identify the type of document, the notary public must make an entry to that effect in the journal (e.g., "a document in a foreign language"). The notary public should be mindful of the completeness of the document and must not notarize the signature on the document if the document appears to be incomplete. The notary public is responsible for completing the acknowledgment or jurat form. When notarizing a signature on a document, a notary public must be able to communicate with the customer in order for the signer either to swear to or affirm the contents of the affidavit or to acknowledge the execution of the document. An interpreter should not be used, as vital information could be lost in the translation. If a notary public is unable to communicate with a customer, the customer should be referred to a notary public who speaks the customer's language.

Common Questions and Answers

- Q. My neighbor of 20 years has asked me to notarize a document for her. Because I have known her all these years, do I still need to ask for proof of her identity?**
- A. Yes. An acknowledgment may not be taken or a jurat executed on the basis of personal knowledge alone. Satisfactory evidence of the signer's identity must be provided and noted in the journal.
- Q. I am currently a commissioned notary public applying for reappointment without a break in my commission. Am I still required to submit my fingerprints each time I reapply?**
- A. Yes. Effective January 1, 2008, all notary public applicants, whether or not they have held a previous commission, must submit fingerprints to the California Department of Justice for the purpose of a background check. The Department of Justice will forward fingerprint images to the Federal Bureau of Investigation requesting a federal summary of criminal information that will be provided to the Secretary of State.
- Q. If a person was convicted of a DUI, petty theft, trespass, or other crimes, will that person be disqualified from becoming a notary public?**
- A. The Secretary of State cannot make a determination as to whether or not a person meets the qualifications to become a notary public until a thorough background check has been completed. If you are concerned as to whether you may be disqualified from becoming a notary public based upon past conviction information, please refer to the *Notary Public Disciplinary Guidelines 2001*, which also includes a list of the most common disqualifying convictions. The disciplinary guidelines are available on the Secretary of State's website or can be mailed to you upon request.
- Q. I had a conviction over 25 years ago. Do I still need to disclose this conviction on my application?**
- A. Yes. There is no time limit for disclosure of convictions. If you have *ever* been convicted, including a conviction for a DUI, you must disclose the conviction on your application. Failure to disclose all conviction information on each application for an appointment or reappointment is grounds for denial.
- Q. How soon can I take the test for reappointment if I currently hold a notary public commission?**
- A. To avoid a break in commission terms, you should take the exam at least six months prior to the expiration date of your current commission. Test results are valid for one year from the date of the examination. (Title 2, California Code of Regulations, section 20803)
- Q. Will I be required to take an approved course of study each time I apply for reappointment?**
- A. Yes. An applicant for notary public who holds a California notary public commission and who has completed the initial six-hour course of study from an approved vendor will be required to complete a three-hour refresher course of study from an approved vendor prior to reappointment as a notary public for all subsequent terms. In order to meet the requirement to take the three-hour refresher course, a person must apply for reappointment before the current commission expires. An applicant whose commission expires before application is made for a new commission must take an approved six-hour course, even if the applicant previously has completed an approved six-hour course. (Government Code section 8201(b)(2))

- Q. I have completed my approved six-hour course of study and received my proof of completion certificate. What do I do with it?**
- A. Once you have completed your six-hour course of study from an approved vendor, staple your proof of completion certificate to the application and take both items with you to the exam.
- Q. Can a six-hour notary public education course be taken in place of a three-hour refresher course?**
- A. Yes. A six-hour approved notary public education course satisfies the requirement for a three-hour refresher course. A six-hour approved education course always satisfies the education requirement, regardless if you are a new applicant or applying for reappointment.
- Q. What are the requirements for applicants to be eligible to take an approved three-hour refresher education course?**
- A. A notary public who has previously completed an approved six-hour notary public education course is eligible to take an approved three-hour refresher course if the notary public has taken the notary public exam and submitted the application at the exam site prior to the expiration date of the current commission.
- Q. I applied for reappointment prior to the expiration date of my current notary public commission and took an approved three-hour notary public education course, but I failed the notary public exam. What do I do now?**
- A. If you can take the exam again prior to the expiration date of your current commission, the proof of completion certificate from the three-hour course would still be valid. Attach the proof of completion certificate to your application, along with a 2" x 2" color passport photo of yourself and a check for twenty dollars (\$20) when you go to the exam site. However, if your commission expires prior to retaking the exam, you will be required to take an approved six-hour notary public course, even though you already took an approved three-hour course. You will need to attach the proof of completion certificate from the approved six-hour notary public education course to the application, along with a 2" x 2" color passport photo of yourself and a check for twenty dollars (\$20).
- Q. I have changed my business, mailing or home address. What do I do?**
- A. Send the Secretary of State a letter or a change of address form by certified mail within 30 days of the change. (Government Code section 8213.5)
- Q. I have changed my business from one county to another. What do I do?**
- A. Your commission allows you to notarize throughout the State of California, regardless of where your oath and bond are on file. If the location of your business has changed, you are required to send the Secretary of State an address change by certified mail within 30 days of the change. If the address change is for your business, please include the business name in your notification. If the address change includes a change of county, you may choose to file a new oath of office and bond in the county to which your business has moved, however, a county transfer is not required. To file a county change, you must request an oath of office form from the Secretary of State. The oath will have the name of your original county; however, you must take and file your oath of office in the new county, checking the county transfer box at the bottom of the oath form. You also must take a new bond or a duplicate of the original bond and file it together with your oath of office in the new county. A certificate of authorization to manufacture a notary public seal will be sent to you once the Secretary of State has received and processed your oath of office filed in the new county. Your stamp must reflect the county where your most recent oath and bond are filed. (Government Code sections 8213 and 8213.5)

- Q. Am I required to see the person sign the document at the time I perform the notarization?**
- A. When preparing a jurat, the person requesting the jurat must appear before you, take an oath, and sign the document in your presence. When preparing a certificate of acknowledgment, the document can be executed before the person brings it to you for notarization. In an acknowledgment, the signer must personally appear before you and acknowledge that the signer executed the document, not that the signer executed the document in your presence. For both a jurat and an acknowledgment, the notary public must certify to the identity of the signer. (Civil Code section 1189 and Government Code section 8202)
- Q. I lost my stamp or journal. What do I do?**
- A. Send a letter immediately by certified mail to the Secretary of State explaining what happened and, if applicable, a photocopy of a police report. Upon written request, the Secretary of State will send an authorization so you can have a new stamp made. (Government Code sections 8206 and 8207.3(e))
- Q. I have changed my name. What do I do?**
- A. Send a completed name change form to the Secretary of State. Once approved, you will be issued an amended commission that reflects your new name. Next, you will need to file a new oath of office and an amendment to your bond with the county clerk within 30 days from the date the amended commission was issued in order for the name change to take effect. Within 30 days of the filing, you must obtain a new seal that reflects the new name. Once the amended oath and bond are filed, you may no longer use the commission, including the stamp, that was issued in your previous name. If you fail to file your amended oath and bond within the 30-day time limit, the name change will become void and your commission will revert back to the previous name and you will be required to submit another name change application. (Government Code sections 8213 and 8213.6)
- Q. I need to request a new certificate of authorization to have a new stamp made. Is there a fee?**
- A. No. However, you must send the Secretary of State a written request for a certificate of authorization. (Government Code section 8207.3(e))
- Q. How do I resign my commission?**
- A. If you want to resign your commission, send a letter of resignation to the Secretary of State's office; within 30 days deliver all of your notarial journals, records and papers to the county clerk in which your current oath of office is on file; and destroy your seal. (Government Code section 8209)
- Q. I did not file my oath and bond on time. What do I do?**
- A.
- If you are a new applicant and took an approved six-hour notary public education course, you must attach a current proof of completion certificate to a new application, along with a 2" x 2" color passport photo of yourself and a check for twenty dollars (\$20). You will also need to have your fingerprints retaken at a Live Scan site.
 - If you are a notary public seeking reappointment and took an approved three-hour notary public refresher education course, you will still need to take an approved six-hour course. The three-hour course no longer meets the education requirements because your current commission has expired. You will need to attach the proof of completion certificate for the six-hour course to a new application, along with a 2" x 2" color passport photo of yourself and a check for twenty dollars (\$20). You will also need to have your fingerprints retaken at a Live Scan site.

- If you are a notary public seeking reappointment and took an approved six-hour education course, you must attach a current proof of completion certificate to a new application, along with a 2" x 2" color passport photo of yourself and a check for twenty dollars (\$20). You will also need to have your fingerprints retaken at a Live Scan site.

Q. Where can I get a Live Scan fingerprint form?

- A. The Live Scan fingerprint form is available online at the Secretary of State's website address listed in the front of this handbook or upon request from the Secretary of State's office.

Q. I have completed an approved course of study and taken the exam, but my current commission doesn't expire until another four months. When will I receive my new commission?

- A. Your notary public commission for reappointment will be issued 30 days prior to the expiration date of your current commission if you have complied with all the requirements to become a notary public.

Information on this form filed by an applicant with the Secretary of State, except for his or her name and address, is confidential and no individual record shall be divulged by an official or employee having access to it to any person other than the applicant, his or her authorized representative, or an employee or officer of the federal government, the state government, or a local agency, as defined in subdivision (b) of Section 6252 of the Government Code, acting in his or her official capacity. § 8202. Execution of jurat; administration of oath or affirmation to affiant; attachment to affidavit

(a) When executing a jurat, a notary shall administer an oath or affirmation to the affiant and shall determine, from satisfactory evidence as described in Section 1185 of the Civil Code, that the affiant is the person executing the document. The Secretary of State may appoint and commission the number of state, city, county, and public school district employees as notaries public to act for and on behalf of the governmental entity for which appointed which the Secretary of State deems proper. Whenever a notary is appointed and commissioned, a duly authorized representative of the employing governmental entity shall execute a certificate that the appointment is made for the purposes of the employing governmental entity, and whenever the certificate is filed with any state or county officer, no fees shall be charged by the officer for the filing or issuance of any document in connection with the appointment.

The state or any city, county, or school district for which the notary public is appointed and commissioned pursuant to this section may pay from any funds available for its support the premiums on any bond and the cost of any stamps, seals, or other supplies required in connection with the appointment, commission, or performance of the duties of the notary public.

Any fees collected or obtained by any notary public whose documents have been filed without charge and for whom bond premiums have been paid by the employer of the notary public shall be remitted by the notary public to the employing agency which shall deposit the funds to the credit of the fund from which the salary of the notary public is paid.

Such agreement may also provide for the remission of fees collected by such notary public to the employer, in which case any fees collected or obtained by such notary public while such agreement is in effect shall be remitted by such notary public to the employer which shall deposit such funds to the credit of the fund from which the compensation of the notary public is paid.

§ 8202.8. Private employers; limitation on provision of notarial services

Notwithstanding any other provision of law, a private employer of a notary public who has entered into an agreement with his or her employee pursuant to Section 8202.7 may limit, during the employee's ordinary course of employment, the providing of notarial services by the employee solely to transactions directly associated with the business purposes of the employer.

§ 8204.1. Cancellation of Commission; failure to pay; notice

The Secretary of State may cancel the commission of a notary public if a check or other remittance accepted as payment for the examination, application, commission, and fingerprint fee is not paid upon presentation to the financial institution upon which the check or other remittance was drawn. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall first give a written notice of the applicability of this section to the notary public or the person submitting the instrument. Thereafter, if the amount is not paid by a cashier's check or the equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. This second notice shall be given at least 20 days after the first notice, and no more than 90 days after the commencement date of the commission.

§ 8205. Duties

(a) It is the duty of a notary public, when requested:

(1) To demand acceptance and payment of foreign and inland bills of exchange, or promissory notes, to protest them for nonacceptance and nonpayment, and, with regard only to the nonacceptance or nonpayment of bills and notes, to exercise any other powers and duties that by the law of nations and according to commercial usages, or by the laws of any other state, government, or country, may be performed by a notary. This paragraph applies only to a notary public employed by a financial institution, during the course and scope of the notary's employment with the financial institution.

(2) To take the acknowledgment or proof of advance health care directives, powers of attorney, mortgages, deeds, grants, transfers, and other instruments of writing executed by any person, and to give a certificate of that proof or acknowledgment, endorsed on or attached to the instrument. The certificate shall be signed by the notary public in the notary public's own handwriting. A notary public may not accept any acknowledgment or proof of any instrument that is incomplete.

(3) To take depositions and affidavits, and administer oaths and affirmations, in all matters incident to the duties of the office, or to be used before any court, judge, officer, or board. Any deposition, affidavit, oath, or affirmation shall be signed by the notary public in the notary public's own handwriting.

(4) To certify copies of powers of attorney under Section 4307 of the Probate Code. The certification shall be signed by the notary public in the notary public's own handwriting.

(b) It shall further be the duty of a notary public, upon written request:

(1) To furnish to the Secretary of State certified copies of the notary's journal.

(2) To respond within 30 days of receiving written requests sent by certified mail from the Secretary of State's office for information relating to official acts performed by the notary.

§ 8206. Sequential journal; contents; thumbprint; loss of journal; copies of pages; exclusive property of notary public; limitations on surrender

(a) (1) A notary public shall keep one active sequential journal at a time, of all official acts performed as a notary public. The journal shall be kept in a locked and secured area, under the direct and exclusive control of the notary. Failure to secure the journal shall be cause for the Secretary of State to take administrative action against the commission held by the notary public pursuant to Section 8214.1.

(2) The journal shall be in addition to, and apart from, any copies of notarized documents that may be in the possession of the notary public and shall include all of the following:

(A) Date, time, and type of each official act.

(B) Character of every instrument sworn to, affirmed, acknowledged, or proved before the notary.

(C) The signature of each person whose signature is being notarized.

(D) A statement as to whether the identity of a person making an acknowledgment or taking an oath or affirmation was based on satisfactory evidence. If identity was established by satisfactory evidence pursuant to Section 1185 of the Civil Code, the journal shall contain the signature of the credible witness swearing or affirming to the identity of the individual or the type of identifying document, the governmental agency issuing the document, the serial or identifying number of the document, and the date of issue or expiration of the document.

(E) If the identity of the person making the acknowledgment or taking the oath or affirmation was established by the oaths or affirmations of two credible witnesses whose identities are proven to the notary public by presentation of any document satisfying the requirements of paragraph (3) or (4) of subdivision (b) of Section 1185 of the Civil Code, the notary public shall record in the journal the type of documents identifying the witnesses, the identifying numbers on the documents identifying the witnesses, and the dates of issuance or expiration of the documents identifying the witnesses.

(F) The fee charged for the notarial service.

(G) If the document to be notarized is a deed, quitclaim deed, deed of trust affecting real property, or a power of attorney document, the notary public shall require the party signing the document to place his or her right thumbprint in the journal. If the right thumbprint is not available, then the notary shall have the party use his or her left thumb, or any available finger and shall so indicate in the journal. If the party signing the document is physically unable to provide a thumbprint or fingerprint, the notary shall so indicate in the journal and shall also provide an explanation of that physical condition. This paragraph shall not apply to a trustee's deed resulting from a decree of foreclosure or a nonjudicial foreclosure pursuant to Section 2924 of the Civil Code, nor to a deed of reconveyance.

(b) If a sequential journal of official acts performed by a notary public is stolen, lost, misplaced, destroyed, damaged, or otherwise rendered unusable as a record of notarial acts and information, the notary public shall immediately notify the Secretary of State by certified or registered mail. The notification shall include the period of the journal entries, the notary public commission number, and the expiration date of the commission, and when applicable, a photocopy of any police report that specifies the theft of the sequential journal of official acts.

(d) The journal of notarial acts of a notary public is the exclusive property of that notary public, and shall not be surrendered to an employer upon termination of employment, whether or not the employer paid for the journal, or at any other time. The notary public shall not surrender the journal to any other person, except the county clerk, pursuant to Section 8209, or immediately, or if the journal is not present then as soon as possible, upon request to a peace officer investigating a criminal offense who has reasonable suspicion to believe the journal contains evidence of a criminal offense, as defined in Sections 830.1, 830.2, and 830.3 of the Penal Code, acting in his or her official capacity and within his or her authority. If the peace officer seizes the notary journal, he or she must have probable cause as required by the laws of this state and the United States. A peace officer or law enforcement agency that seizes a notary journal shall notify the Secretary of State by facsimile within 24 hours, or as soon as possible thereafter, of the name of the notary public whose journal has been seized. The notary public shall obtain a receipt for the journal, and shall notify the Secretary of State by certified mail within 10 days that the journal was relinquished to a peace officer. The notification shall include the period of the journal entries, the commission number of the notary public, the expiration date of the commission, and a photocopy of the receipt. The notary public shall obtain a new sequential journal. If the journal relinquished to a peace officer is returned to the notary public and a new journal has been obtained, the notary public shall make no new entries in the returned journal. A notary public who is an employee shall permit inspection and copying of journal transactions by a duly designated auditor or agent of the notary public's employer, provided that the inspection and copying is done in the presence of the notary public and the transactions are directly associated with the business purposes of the employer. The notary public, upon the request of the employer, shall regularly provide copies of all transactions that are directly associated with the business purposes of the employer, but shall not be required to provide copies of any transaction that is unrelated to the employer's business. Confidentiality and safekeeping of any copies of the journal provided to the employer shall be the responsibility of that employer.

(e) The notary public shall provide the journal for examination and copying in the presence of the notary public upon receipt of a subpoena duces tecum or a court order, and shall certify those copies if requested.

(f) Any applicable requirements of, or exceptions to, state and federal law shall apply to a peace officer engaged in the search or seizure of a sequential journal.

§ 8206.5. Notaries; supplying photostatic copies on request; defending position in a disciplinary proceeding

Upon receiving a request for a copy of a transaction pursuant to subdivision (c) of Section 8206, the notary shall respond to the request within 15 business days after receipt of the request and either supply the photostatic copy requested or acknowledge that no such line item exists. In a disciplinary proceeding for noncompliance with subdivision (c) of Section 8206 or this section, a notary may defend his or her delayed action on the basis of unavoidable, exigent business or personal circumstances.

§ 8207. Seal

A notary public shall provide and keep an official seal, which shall clearly show, when embossed, stamped, impressed or affixed to a document, the name of the notary, the State Seal, the words "Notary Public," and the name of the county wherein the bond and oath of office are filed, and the date the notary public's commission expires. The notary public shall authenticate with the official seal all official acts.

A notary public shall not use the official notarial seal except for the purpose of carrying out the duties and responsibilities as set forth in this chapter. A notary public shall not use the title "notary public" except for the purpose of rendering notarial service.

The seal may be circular not over two inches in diameter, or may be a rectangular form of not more than one inch in width by two and one-half inches in length, with a serrated or milled edged border, and shall contain the information required by this section.

The seal shall be kept in a locked and secured area, under the direct and exclusive control of the notary. Failure to secure the seal shall be cause for the Secretary of State to take administrative action against the commission held by the notary public pursuant to Section 8214.1.

The official seal of a notary public is the exclusive property of that notary public, and shall not be surrendered to an employer upon the termination of employment, whether or not the employer paid for the seal, or to any other person. The notary, or his or her representative, shall destroy or deface the seal upon termination, resignation, or revocation of the notary's commission.

This section shall become operative on January 1, 1992.

(d) A copy of a certificate of authorization shall be retained by a vendor and the original, which shall contain a sample impression of the seal issued to the notary public, shall be submitted to the Secretary of State for verification and recordkeeping. The Secretary of State shall develop guidelines for submitting certificates of authorization by vendors.

(e) Any notary whose official seal is lost, misplaced, destroyed, broken, damaged, or is rendered otherwise unworkable shall immediately mail or deliver written notice of that fact to the Secretary of State. The Secretary of State, within five working days after receipt of the notice, if requested by a notary, shall issue a certificate of authorization which a notary may use to obtain a replacement seal.

(f) This section shall become operative on January 1, 1992.
